- Users can access most of the portal features with the convenience of using their mobile devices but are required to install the **Tyler Student 360** mobile application.
  - Currently, Android users will also need to have a PDF viewer installed on their device.

## B. FIRST LOGIN

- Mobile Web browsers currently don't provide full access to report card PDF documents. This may change in the future, but in the meantime mobile users need to use the mobile application.
- The exception to this is for using the **Forgot your login information** feature which is required for setting up account passwords. This feature only works in the mobile Web version. It can be confusing, so we encourage mobile users to follow the steps in this guide for your first login.
  1. Schools will send out a notification to the email address of new portal users.
  2. While on your mobile device, open the email sent from [noreply@retsd.mb.ca](mailto:noreply@retsd.mb.ca) and tap the included link to go to the portal site.
    - This will open your mobile Web browser and go to the Parent Portal login site.
    - This will be the starting point for creating your account password.
  3. Tap the **Forgot your login information** link.

4. Enter your email address for the **User Name**.

7. Open this second email from [noreply@retsd.mb.ca](mailto:noreply@retsd.mb.ca) and tap on the [here](#) link.
  - This message seems to look terrible in some mobile email apps. It looks more presentable in a non-mobile email system.
8. Enter and then re-enter your new password for the portal. Remember, RETSD uses phrase-based passwords which have the following requirements:
