Students are required to have a minimum of 30 credits (21 compulsory and 9 optional) to graduate. Students planning to attend post-secondary education require 5 courses at the 40S level, excluding Physical Education. The courses required for university and college admission vary. It's the responsibility of parents and students to ensure they have the required courses for admission into university/college. Students are invited to connect with their assigned Student Services contact, Mr. Cowtan or Mrs. Madsen, for information and support, if they have questions about their Grad plan. Families can also refer to specific post-secondary institution websites for more information.

ADMISSIONS / BURSARIES

The request for admission to a post-secondary institution is the responsibility of each student and family. Student Services presented to Grade 12 students in Periods 1 and 2 on October 13th and 14th on admissions and bursaries. These presentations will be posted on the Grade 12 TEAMS page. Grade 12 students can also access Scholarship and Post-Secondary Information on the Collège Miles Macdonell Collegiate Homepage ([CMMC Scholarships and Post-Secondary Information](#)).
