November 4, 2022

Hello River East Collegiate Families,

We have had an exciting start to our school year, and we are happy to see all the students and families that are coming out to support our school teams!

Part of being a spectator means following our school and divisional code of conduct while supporting our teams. We want everyone who attends games as a fan to have an enjoyable time and to be respectful to all. We have been reviewing these ideals with students throughout the fall and are happy to see our students modelling positive behaviour.

Due to the large numbers of fans we have had in our buildings, RETSD Senior Years Schools will be taking steps to maintain a safe and respectful environment for all events in our buildings. These include:

- Only students of schools participating in the event are welcome to attend. Students will be asked to present their student card confirming they are a student at either the Home or Visiting school.
- All adults and families are welcome to attend games.
- Volleyball and Basketball finals may require additional guidelines due to the large number of anticipated spectators. Details for those events will be shared separately.
- Attendance limits will be based on the hosting gym capacity.
- These changes will be effective Monday, November 7, 2022.

Some sporting events are held in non-RETSD facilities such as arenas or field houses. While these facilities may have their own rules for attendance, it is our expectation that RETSD students who attend these events are modeling positive behaviour in the same way that we expect in our buildings.

We want to ensure that all students and families who want to attend games can do so in a safe and positive way. We will continue to monitor and review these guidelines and will inform you of any changes going forward.

Thank you for all your positive support so far this year!
