Class placements for 2024-25 school year:

It is that time of the school year once again, as we plan for student class placement! There is much time and consideration that goes into this process. We focus on equity in distribution and to ensure that students are placed with the goal of a successful year, both academically and socially. We will not be taking teacher preferences, however, if you have a particular social or academic concern, we ask that you **call or email Mme Grande directly at lgrande@retsd.mb.ca** prior to **April. 23rd**. Of course, there are many variables at play as we create class lists, and we will be as flexible and accommodating as possible. We thank you for your understanding.
