PARENTAL INFORMED CONSENT FOR OUT OF SCHOOL ACTIVITIES IN THE LOCAL COMMUNITY 2024-2025

Dear Parent/Guardian,

The purpose of this letter is to inform you about some of the out-of-school activities or events in the local school community in which your child will participate during the course of this year. Your signature at the bottom of this form confirms that you are aware of the information provided in this letter.

The River East Transcona School Division and the staff of Miles Macdonell Collegiate recognize that valuable and unique learning can take place outside of the school building. We are therefore encouraged to make use of the total resources of the local community to meet curriculum goals.

During the course of the school year, student groups will engage in activities within the local community that take them out of the school building. These activities may include but are not limited to activities, events and/or field trips such as: the YMCA-YWCA, bowling alleys, elementary schools, etc.

The risk of injury exists in all student activity. However, due to the very nature of some activities, the risk of injury may increase. The safety and well-being of students is a prime concern and every effort is made to minimize the foreseeable risks inherent in any activity.

While participating in school activities, which take them into the community, it is expected that students will conduct themselves appropriately during all aspects of schooling.

If, for some reason, your child cannot or ought not participate in activities of this nature, please let us know.

I / We understand and agree that this is a part of the school program. I/We also understand that as a result of participating in this program that the participant is expected to follow the school procedures and code of conduct and that any deviations from these may result in consequences from the school administration.

I / We declare having read and understood the above INFORMED CONSENT AGREEMENT in its entirety and hereby consent to participate being aware of all the foregoing.

Parental Informed Consent: Before your child may participate in any local community activities, this signed consent form must be received at the school.

PARENTAL INFORMED CONSENT FOR IAA SCHOOL ACTIVITIES

Students in the River East Transcona School Division have opportunities to learn about Indigenous perspectives and culture through our IAA (Indigenous Academic Achievement) programming and the provincial curriculum outcomes issued by Manitoba Education and Training. One such learning activity we offer in schools is Smudging.

Smudging is a cultural activity that has been practiced by many Indigenous nations around the world for centuries. It involves burning dried plant medicine, such as sage, to produce a smoke and aroma which is seen in cultural traditions as a way to remove negative energy and focus ourselves on our learning and create a positive outlook.

We want all students to feel safe and excited about all of their learning experiences and we developed this document to help our community be better prepared for Smudging. Please see the following for the procedures and protocols students can expect when experiencing this cultural activity:

Location:

- An exterior room with a door or a window that can be opened to the outside is expected. The use of any other location is at the discretion of the principal and shall be made in consultation with the Assistant Superintendent.

Medicines/Mixtures:

- The medicines/mixtures shall be milder in nature. We always only use Sage for these student activities.
- The medicines/mixtures will be of a minimal quality (more can be added as needed)

The Students/Participants:

- Explicit parental permission is required for participation
- General information shall be provided to the broader school population as determined to be necessary by the school principal (i.e.: if this is a newer offering at the school)
- Students will always have the option to pass and can still be a part of the circle and experiential learning.
- Students will have the option to join the sharing circle at a later juncture if the student has concerns regarding the smoke or aroma

Strategies to mitigate smoke and aroma for indoor circles:

- The room being used for the smudge will have the door closed at all times
- The room being used for the smudge will have the exterior door or window open to allow for ventilation
- Fire doors in the adjacent hallways shall be closed
- Classrooms in nearby areas will have their doors closed
- Upon completion of the smudge, any residual medicines/mixtures shall be placed in a tin with a lid and placed outside the school if possible.

Informed Consent for Participating in a Smudging Cultural Activity

Name of Student (please print): _____

- I/We, the undersigned, hereby acknowledge that certain risks of injury are inherent in the participation in sports, recreational activities and other off-school site programs. These types of injuries may be minor or serious.
- I/We understand that, in case of emergency medical or hospital services being required by the above-listed participant, and with the understanding that every reasonable effort will be made by the school/hospital to contact me, my signature on this form authorizes the board, through its employees, agents, and officers, [to] secure such medical advices and services as they deem necessary for my child’s health and safety, and that I shall be financially responsible for such advice and services.
- I/We understand that the Rules and Regulations pertaining to this activity are designed for the safety and protection of participants
- I/We acknowledge my right to obtain as much information as I require about this program or activity and associated risks and hazards, including information beyond that provided to me by the school
- I/We acknowledge that it is my responsibility to advise the school of any medical and/or health concerns of my child that may affect his/her participation in the stated program or activity
- I/We understand that the choice to participate brings with the individual the ASSUMPTION OF RISK which is part of these activities.
- I/We understand and agree that this is a part of the school program. I/We also understand that as a result of participating in this program that the participant is expected to follow the school procedures and code of conduct and that any deviations from these may result in consequences from school administration.
- I/We declare having read and understood the above INFORMED CONSENT AGREEMENT in its entirety and hereby consent to participate being aware of all the foregoing.

Grade 9 and 10 PHYSICAL EDUCATION / HEALTH EDUCATION

The Grade 9 and 10 Physical Education/Health Curriculum contains potentially sensitive outcomes in the following areas:

- Personal Safety
- Substance Use and Abuse Prevention
- Human Sexuality

The curriculum is developmentally and age appropriate. For example, at 9-10, Personal Safety helps students identify safety guidelines to protect themselves in potentially sexually abusive situations, and to better understand abusive relationships. Substance Use and Abuse Prevention includes distinguishing between medicinal and non-medicinal substances, as well as their effects on the body. In Human Sexuality, students will learn about gender identity, the structure and function of the reproductive system, changes in puberty, recognizing the importance of abstinence and responsible decision-making.

The Manitoba Education, Citizenship and Youth department of the provincial government has mandated all potentially sensitive outcomes. Parents have the option to choose school-based delivery or an alternative delivery for this potentially sensitive content. Alternative delivery of the potentially sensitive content becomes the responsibility of the parent (i.e., home, professional counseling) where the content is in conflict with family, religious or cultural values.

The Miles Macdonell Collegiate physical and health education teachers have received training from the division and community agencies to ensure delivery of content with respect, sensitivity and thoughtfulness.

Please complete the form attached indicating either school-based delivery or alternate delivery of the potentially sensitive content for your child. Please note that the permission form is a multi-year form, covering Grade 9 and Grade 10. Choice of school-based delivery or alternate delivery can be changed at any time. Please notify the school, in writing, to request a change.

If you require more information, Parent Handbooks and curriculum materials are available at the school.

Parental Option for Potentially Sensitive Content

The Manitoba Education, Citizenship and Youth department of the provincial government has mandated the delivery of all potentially sensitive outcomes. Please check either School Based Delivery or Alternate Delivery for each topic below.

School-Based Delivery indicates you are granting permission for your child to participate in the school-based delivery of the potentially sensitive issues as outlined by the Manitoba Education, Citizenship and Youth curriculum.

Alternate Delivery indicates you are assuming the responsibility for an alternative, home based delivery (home, professional counseling) of the potentially sensitive content for your child where the content is in conflict with family, religious or cultural values.

If you choose for your child to participate in the Alternate Delivery model, your son/daughter will be required to complete a research project during this instructional period.

sTeam INTENSIVE

EXPRESSION OF INTEREST

What is sTeam?

Science (s) and technology (T) interpreted through engineering (e) and the arts (a), all based in mathematical (m) elements, providing a lens to look at the world around us in meaningful, connected ways. The sTeam Intensive is designed to provide innovative programming that will:

- Focus on community building, self-awareness, and resiliency
- Provide opportunities for high-potential careers with multiple paths
- Provide opportunities for a wide range of students through skill-building
- Increase awareness/skills regarding career pathways
- Partner with industry, post-secondary institutions, and government
- Be project-based, inquiry-driven, and sTeam-focused
- Build in purposeful mentorship opportunities with related industries

Why sTeam?

The sTeam Intensive provides students an opportunity, through project-based inquiry, to fulfil some credit requirements. Students are the driving factor in their learning, choosing the topics and issues that connect with them. The sTeam teachers facilitate their learning by helping them connect to the curriculum and the community, organize their thoughts, and clarify the design process. Throughout the learning, students will develop skills in collaboration, critical thinking, creativity, communication, character, and citizenship.

What type of student would enjoy sTeam?

Learners who appreciate hands-on, interdisciplinary curriculum experiences combined with flexible pacing that allows time to explore and learn through a variety of digital platforms. sTeam learners will connect to the community in powerful, unique ways that will inspire a pursuit of deeper knowledge. Students who flourish in sTeam will:

- Enjoy exploring learning through science, technology, engineering, arts, and math
- Have a keen interest in wanting to understand how things work and like to build, create, or design things
- Enjoy learning through inquiry, experimentation, and reflection
- See the importance in being self-motivated and like to learn independently, as well as in collaborative groups
- Demonstrate a commitment to learning and exploring new ideas
- Enjoy co-operating with peers for group projects and collaborative learning explorations
- Thrive in challenging and creative academic environments
- Contribute to a positive and respectful classroom and school community
- Be open and interested in sharing and celebrating learning
- Benefit from connections with industry partners in exploring career pathway options

We ask that if you have an interest in having your child be considered for sTeam, please provide the requested information on the final page of this package. This group will be scheduled together as a class for a full morning or afternoon of one semester. Interest or experience with the computer sciences would be an asset. Consideration will be given to ensure that access to sTeam represents the diversity that makes up our school community.

Completed sTeam submissions (see next page) should be submitted with the registration package. Should you have any questions for clarification, please be sure to contact the school office.

sTeam INTENSIVE

EXPRESSION OF INTEREST

The attached expression of interest is to be completed by students who are interested in registering for the sTeam Intensive. In River East Transcona School Division, the sTeam Intensive is offered at Collège Miles Macdonell Collegiate. Enrolment at any entry point may be limited due to staff and space availability.
