THE JOURNEY OF Growth

@INNERGROWTH.CO

- It is okay to be unsure as to what you want to do in the future.
- It is okay to change your mind as to what you want to do.
- Keep an open mind.
- Your path may change as you grow and change.
- Students tend to change their minds up to three times in university as to what they want to major in.

Post High – What Comes Next?

Direct Entry University: For high school grads who know what they want to study in college or university.

College: Colleges offer a range of diploma and certificate programs that focus on practical skills and hands-on training.

University 1 (U1): A program for high school students who plan to go to university but aren't sure what they want to study yet.

Apprenticeship: Apprenticeship programs combine on-the-job training with classroom instruction, allowing individuals to learn a skilled trade or craft while earning a wage.

Travel: Experiencing new things before committing to further education or a career.

Volunteer Exchanges: Volunteer exchanges involve participating in volunteer programs abroad, offering the chance to contribute to communities and gain valuable life skills

Gap Year: Typically a year break, taken after high school, before starting college or university. Individuals may travel, work, volunteer, or engage in personal development activities to gain new experiences and perspectives.

Work: Some high school graduates enter the workforce directly, seeking employment opportunities in order to gain work experience.

CONSIDERATIONS for when APPLYING

- ▶ TIPS AND TRICKS
- ▶ SELF-REPORTING GRADES
- ▶ TRANSCRIPTS
- ▶ PROOF OF ENGLISH LANGUAGE PROFICIENCY
- ▶ AP CREDITS

Tips and Tricks for APPLYING (October to March 1st)

- ▶ Have your **MET #** with you (this is different from your RETSD Student Number). Can be found on your report card or you can ask a teacher or Student Services Representative.
- ▶ Pay the application fee. Non-refundable. Typically ranges from \$100-\$150.
- ▶ When setting up an account with the university or college, use a **PERSONAL EMAIL** (not your RETSD student email).
- ▶ Make note of and remember passwords.
- ▶ Submit supporting documents when requested by the Admissions Office (through the application portal).
- ▶ **Check your portal or email regularly.** You may need to submit documents or accept offers.
- ▶ Most Manitoba institutions will request your transcript from the school division on your behalf if you APPLY BY MARCH 1st. If you apply after this date, or are applying to colleges or out of province, you will be responsible for submitting this.

Self-Reporting Grades

Self-reporting grades is part of the admission process. This involves submitting your FINAL or EXPECTED FINAL GRADES in order to be evaluated for admission.

- ▶ When you [apply for Admission online](#) a drop-down list of all of the Grade 12 high school courses in Manitoba will appear. Select the Grade 12 courses you have taken or are currently taking and enter your marks.
- ▶ The marks submitted will be either completed (*final*), or anticipate completing in the current year (*expected*). If you are not admissible on self-reported grades, you will be re-evaluated when the University receives official final Grade 12 information from the high schools in June/July.
- ▶ **TIP:** Estimate your final grades based on how well you did in similar courses in Grade 11, if you have received interim Grade 12 marks, or how well you are doing in the course so far, based on tests or papers you have done.

Transcripts

- ▶ **Transcripts:** Mid-Term & Final marks are submitted to U of M and U of W by our School (as long as you apply by the March 1st deadline date). They will request transcripts in
- ▶ April: First Semester final grades & Second Semester mid-term grades
- ▶ June: Final grades
- ▶ **IMPORTANT:** Conditional offers and Entrance Scholarship offers are based on April transcript. Final transcript is reviewed to ensure marks are maintained. Scholarship offers may or may not be re-assessed. (DEFERRED- entrance for a year)
- ▶ **OUT OF PROVINCE INSTITUTIONS AND LOCAL COLLEGES:** You will need to request and submit transcripts on your own.
- ▶ **NOTE:** To request a transcript, you will ask for this in the main office.

How does AP credit transfer work for Universities?

Your AP Credits are eligible for university credits if your marks are strong enough. Even if strong enough, it is your choice if you want the credits to be transferred.

They are not automatically transferred. You must complete a form along with your official copy of your results.

APPRENTICESHIP

Apprenticeship Manitoba

Why consider becoming an apprentice?

There are over 55 trade programs in Manitoba: [Province of Manitoba | aesi - Manitoba Trades \(gov.mb.ca\)](https://www.gov.mb.ca/trade/aesi)

Being an apprentice fast-tracks you into Red River College Polytech

Most trades offer **great salaries**, and you get to **earn while you learn** and begin your post-training life with little to no debt.

If you complete all your training, you will be able to write an exam that certifies you to work anywhere in Canada, called a red seal exam.

Apprenticeship Manitoba

How do you become an apprentice?

You must find a professional in the field you're interested in that is willing to train you. Once you find someone to take you on as an apprentice, you and your employer fill out an application form, which can be found at:

[Province of Manitoba | aesi - Apprenticeship Manitoba \(gov.mb.ca\)](https://www.gov.mb.ca/trade/apprenticeship/)

Then you start working, earning money and hours toward your Level 1 certification! Most trades require about 1800 hours of experience per level and have between 2 and 4 levels.
