Verification Forms

This year, we are excited to introduce some changes for school start-up. In the past, students would bring home a paper copy of the data verification form to ensure all student and contact information was up to date. This year, the forms are available digitally through the Parent Portal.

Guidance for using the Parent Portal, as well as specific help for filling out digital forms, can be found on our divisional website under Parents & Students > PowerSchool Parent Portal, or by clicking this link:

[RETSD PowerSchool Guide Parent Portal for Guardians](#)

Please contact our school office if you need additional support or require a paper copy of the form.

The deadline to complete this form has now passed, and we are still missing many submissions. It is very important that all families complete this form immediately to ensure we have accurate and up-to-date information for your child.

Personal Devices Guidelines

This is a reminder of the cell phone guidelines established by the Manitoba Government. These guidelines refer to any personal devices that can be used to connect to the internet (e.g., smartwatches, tablets, cell phones, laptops).

As a reminder:

- Schools with Kindergarten to Grade 8 students are personal electronic device-free zones.
- Students in Grades 9-12 are able to use their personal electronic devices for instructional purposes in class when directed by a teacher, and during breaks and lunch.
- Staff model responsible personal electronic device use for students by thoughtfully limiting personal electronic device use in the learning environment to school-related matters.

Manitoba Education and Training has published Frequently Asked Questions (FAQ) regarding the Cell Phone Guidelines. The link can be found [here](#).

Teaching and learning about being a responsible digital citizen continue in all grades and classes. Our schools have access to a variety of technology that supports students in being creators, designers, and critical thinkers.

As partners in your children's education, the conversations that you have at home are crucial in that teaching and learning. Here are some resources that may be helpful:
