K-4 PHYSICAL EDUCATION / HEALTH EDUCATION

PARENTAL OPTION FOR POTENTIALLY SENSITIVE CONTENT

The K-4 Physical Education/Health Curriculum contains potentially sensitive outcomes in the following areas:

- Personal Safety
- Substance Use and Abuse Prevention
- Human Sexuality.

The curriculum is developmentally and age appropriate. For example, at K-4, Personal Safety helps children identify safety rules for child protection and how to avoid dangerous situations. Substance Use and Abuse Prevention focuses on identifying helpful and harmful substances and how to safely and properly take prescription medications. Human Sexuality identifies basic changes in growth and development such as changes to teeth, height, and clothes size.

The Manitoba Education, Citizenship and Youth department of the provincial government has mandated all potentially sensitive outcomes. Parents have the option to choose school-based delivery or an alternative delivery for this potentially sensitive content. Alternative delivery of the potentially sensitive content becomes the responsibility of the parent (i.e., home, professional counseling) where the content is in conflict with family, religious or cultural values.

Please complete the form attached indicating either school-based delivery or alternate delivery of the potentially sensitive content for your child. Please note that the permission form is a multi-year form, covering Kindergarten to Grade 4. Choice of school-based delivery or alternate delivery can be changed at any time. Please notify the school, in writing, to request a change.

If you require more information, Parent Handbooks and curriculum materials are available at the school. The school will also host information meetings on the Physical Education/Health Education Curriculum.

5-8 PHYSICAL EDUCATION / HEALTH EDUCATION

Parental Option for Potentially Sensitive Content

The Grade 5-8 Physical Education/Health Curriculum contains potentially sensitive outcomes in the following areas:

- Personal Safety
- Substance Use and Abuse Prevention
- Human Sexuality.

The curriculum is developmentally and age appropriate. For example, at 5-8, Personal Safety helps students identify safety guidelines to protect themselves in potentially sexually abusive situations, and to better understand abusive relationships. Substance Use and Abuse Prevention includes distinguishing between medicinal and non-medicinal substances, as well as their effects on the body. In Human Sexuality, students will learn about the structure and function of the reproductive system, changes in puberty, recognizing the importance of abstinence and responsible decision-making.

The Manitoba Education, Citizenship and Youth department of the provincial government has mandated all potentially sensitive outcomes. Parents have the option to choose school-based delivery or an alternative delivery for this potentially sensitive content. Alternative delivery of the potentially sensitive content becomes the responsibility of the parent (i.e., home, professional counseling) where the content is in conflict with family, religious or cultural values.

Please complete the form attached indicating either school-based delivery or alternate delivery of the potentially sensitive content for your child. PARENTAL INFORMED CONSENT FOR OUT-OF-SCHOOL ACTIVITIES IN THE LOCAL COMMUNITY FOR 2023 - 2024

Dear Parent/Guardian,

The purpose of this letter is to inform you about some of the out-of-school activities or events in the local school community in which your child will participate during the course of this year. Your signature at the bottom of this form confirms that you are aware of the information provided in this letter.

The River East Transcona School Division and the staff of Bird's Hill School recognize that valuable and unique learning can take place outside of the school building. We are therefore encouraged to make use of the total resources of the local community to meet curriculum goals.

During the course of the school year, student groups will engage in activities within the local community that take them out of the school building. These activities may include but are not limited to activities and events such as: Terry Fox Walk, taking a class to a nearby park, jogging for Phys. Ed. class and walks in the community or to the community offices.

The risk of injury exists in all student activity. However, due to the very nature of some activities, the risk of injury may increase. The safety and well-being of students is a prime concern, and every effort is made to minimize the foreseeable risks inherent in any activity.

While participating in school activities, which take them into the community, it is expected that students will conduct themselves appropriately during all aspects of schooling.

If, for some reason, your child cannot or ought not to participate in activities of this nature, please let us know.

I / We understand and agree that this is a part of the school program. I/We also understand that as a result of participating in this program that the participant is expected to follow the school procedures and code of conduct and that any deviations from these may result in consequences from the school administration.

I / We declare having read and understood the above INFORMED CONSENT AGREEMENT in its entirety and hereby consent to participate being aware of all the foregoing.

Parental Informed Consent:

Before your child may participate in any local community activities, this signed consent form must be received at the school.
