## PARENTAL INFORMED CONSENT FOR OUT OF SCHOOL ACTIVITIES IN THE LOCAL COMMUNITY

Dear Parent/Guardian,

The purpose of this letter is to inform you about some of the out-of-school activities or events in the local school community in which your child will participate during the course of this year. Your signature at the bottom of this form confirms that you are aware of the information provided in this letter.

The River East Transcona School Division and the staff of École Sun Valley School recognize that valuable and unique learning can take place outside of the school building. We are therefore encouraged to make use of the total resources of the local community to meet curriculum goals.

During the course of the school year, student groups will engage in activities within the local community that take them out of the school building. These activities may include but are not limited to activities and events such as taking a class to a nearby park, jogging for Phys. Ed. Class and walks in the community.

The risk of injury exists in all student activity. However, due to the very nature of some activities, the risk of injury may increase. The safety and wellbeing of students is a prime concern and every effort is made minimize the foreseeable risks inherent in any activity.

While participating in school activities, which take them into the community, it is expected that students will conduct themselves appropriately during all aspects of schooling.

If, for some reason, your child cannot or ought not participate in activities of this nature, please let us know.

I / We understand and agree that this is a part of the school program. I / We also understand that as a result of participating in this program that the participant is expected to follow the school procedures and code of conduct and that any deviations from these may result in consequences from the school administration.

## **K-4 PHYSICAL EDUCATION / HEALTH EDUCATION**

### **Parental Option for Potentially Sensitive Content**

The K-4 Physical Education/Health Curriculum contains potentially sensitive outcomes in the following areas:

- Personal Safety
- Substance Use and Abuse Prevention
- Human Sexuality.

The curriculum is developmentally and age appropriate. For example, at K-4, Personal Safety helps children identify safety rules for child protection and how to avoid dangerous situations. Substance Use and Abuse Prevention focuses on identifying helpful and harmful substances and how to safely and properly take prescription medications. Human Sexuality identifies basic changes in growth and development such as changes to teeth, height, and clothes size. Teachers have specific division-mandated training on this curriculum.

The Manitoba Education, Citizenship and Youth department of the provincial government has mandated all potentially sensitive outcomes. Parents have the option to choose school based delivery or an alternative delivery for this potentially sensitive content. Alternative delivery of the potentially sensitive content becomes the responsibility of the parent (i.e., home, professional counseling) where the content is in conflict with family, religious or cultural values.

Please complete the form attached indicating either school based delivery or alternate delivery of the potentially sensitive content for your child. Please note that the permission form is a multi-year form, covering Kindergarten to Grade 4. Choice of school based delivery or alternate delivery can be changed at any time. Please notify the school, in writing, to request a change.

If you require more information, River East Transcona School Division Parent Handbooks are available for keep from school administration. Curriculum materials are also available for loan from the school library. As well, questions pertaining to this curriculum can be made by asking your child's teacher or the school administration.

The weekly news is emailed to the primary contact listed in our Student Information System. Unfortunately, our current student system only takes the primary contact and only allows one primary address. We are asking that the primary parent forward the emails to the other parent.

We ask for your patience and cooperation as next year we are getting a new student system, and it should address this problem.

Dear Parents/Legal Guardians,

Vaccines have been shown to be a safe and effective way of protecting children from diseases. It can also protect other persons who cannot be immunized due to certain health conditions. It is thus very important to make sure that your child is up to date with their immunizations.

We strongly recommend that children between 4 and 6 years of age receive the following immunizations:

Vaccine name	
Measles, mumps, rubella and varicella vaccine (MMRV vaccine)	<b>Preschool</b>
Diphtheria, tetanus, pertussis and polio vaccine (DTaP-IPV vaccine)	<b>Preschool</b>

Please check your child's immunization records to see if your child is up to date. You can visit the Manitoba Health website to know more about routine immunizations for infants and children (<https://www.gov.mb.ca/health/publichealth/cdc/div/schedules.html>). You can also discuss this with your primary care provider.

If your child needs immunizations, your primary care provider (family physician or pediatrician), a walk-in doctor, a nurse practitioner or a public health nurse can provide them.

If you do not have a copy of your child's immunization record, you can call the WRHA immunization records request line at **(204) 938-5347**.

If you are new to Manitoba, you can provide a copy of your child's immunization records to your local public health office. These records will be entered in the Manitoba immunization registry.

If you have questions or do not have access to a health care provider to immunize your child, please call your local public health office at the number shown below.

Sincerely,  
River East and Transcona Public Health Team
