Dear Mr. Stoesz,

Please accept this letter on behalf of ACCESS River East in support of your proposal for a digital sign reader board.

The implementation of a reader board would be of great benefit to the River East area by bringing awareness of various events and occasions to the community. In times of need, the reader board would be a valuable source of communicating information to the public as you are located on a major thorough fare.

As we are a community based facility, we could promote health and wellness by advertising our flu clinics, other immunization clinics, breast feeding groups, Healthy Baby sites etc that would be of great benefit for the residents of River East.

We are delighted that the John Pritchard School has shown a strong sense of community engagement. It is our sincere hope that your proposal will be a success.

We look forward to our continued positive working relationship with John Pritchard School.

Sincerely,

A handwritten signature in cursive script that reads "Debra Vanance".
