- Playground improvement update
  - Chelsea has sent out an email to CSA members in December with info on playground equipment quote.
  - We have received a second quote for comparison from a company called Colcat, to compare to the original quotes from Playground-R-Us.
  - Similar structures from Colcat ranged from \$53-\$73,000. This is similar to the original quote from PRU. Both quotes include installation.

- The CSA overall seems to be preferring the “Eclipse” from PRU and the “Geode” from Colcat.
- Chelsea will send an email with both options and the CSA will look to solidify our decision.
- Do we want to look at including Angus Nursery School in the Fundraising? Anita will contact SJ, chair of the AMN to discuss their potential participation further.
- CSA to work on discussing a way to recognize donors? A plaque? Perhaps we can come up with an art installation to recognize donors? This could be indoors but possibly outdoors so we can recognize donors more publicly within the community. Will discuss again further into the project.
