[Parking information and guidelines](#) - Please make sure to pay attention to the City of Winnipeg's signage surrounding our school to avoid getting a parking ticket. You can report parking/stopping infractions at: [Report a parking violation \(winnipeg.ca\)](#).

**Weather Reminders:** It's Spring, and that means wet weather. Although we regularly remind students to stay out of the water, often socks and pants will get wet during recess times. It is a good idea to have an extra pair of socks and pants in your child's backpack in case clothing gets wet during the school day. Splash pants, rubber boots, and rain jackets are great items to wear to help us stay dry while we enjoy recess and outdoor times.

**Are you moving?** If there are plans for your family to be moving soon or over the summer break, please let the school office know as soon as possible. Any address changes need to be updated promptly, and may affect registration for the upcoming school year. Click on the following link to learn more about [your options](#) when moving.

## A message from Mme Nanton's kindergarten class in Room # 01

The Caterpillar and Ladybug Kindergarten students have thoroughly enjoyed spending time with our Grade 3 and 4 learning buddies this year. Our older friends have been wonderful role models, reading us simple French stories and helping us learn new vocabulary in a fun and meaningful way. We always looked forward to ending our visits together with an educational game or curriculum-based project. Last week was especially exciting, as the Ladybug kids celebrated with M Reimer's class, for earning the most Starbucks reward tickets last month, for being safe, respectful, and responsible. We enjoyed a slime-making party with our learning buddies. It was a messy, laughter-filled celebration and a wonderful way to recognize the positive choices our students make each day!

## A message from Ms. Sherby's grade 1 class in Room # 03

Our class has been reading books by the author, Eric Carle. We read his book, *The Very Hungry Caterpillar* and then did our own research on butterflies using non-fiction books and PebbleGo (digital research-based learning platform). Students learned about appearance, diet, habitat, fun facts, and the life cycle of a butterfly. We are continuing our learning about this beautiful and unique insect!
