## A message from Mme Scheelar's & Mme Fraser's Grade 3 class in Room #15

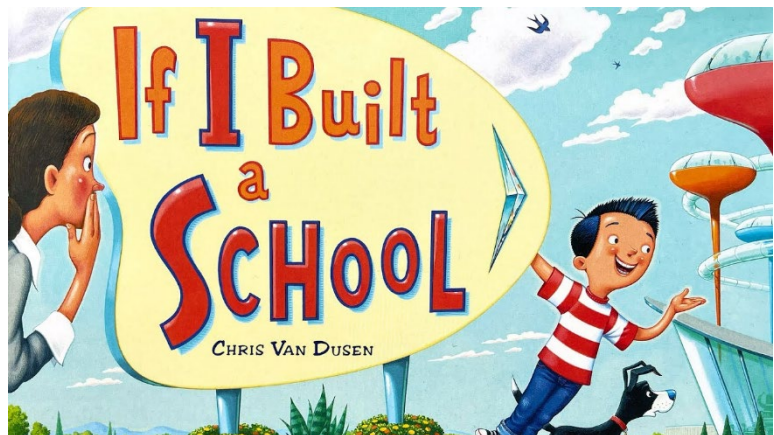

As we head into our second month of school, we are so happy to share that we have had a wonderful start to the school year! The children are settling nicely into our classroom routines and are becoming more comfortable in their new learning environment. We are busy getting to know our new classmates, making friends, and building a kind and caring classroom community. It has been lovely to see the children learning and growing together each day while using and developing their French language skills. We look forward to more fun and learning ahead!

## A message from Mr. Moffatt's Grade 3 & 4 class in Room #14

In room 14 with Mr. Moffatt, the children are Using *If I Built a School* by Chris Van Dusen as a mentor text, to inspire their own fiction writing. The students in Grades 3 and 4 have been stretching their imaginations and exploring the power of descriptive writing. Inspired by the author's creative ideas and vivid language, students designed their own dream schools filled with incredible features, unique learning spaces, and exciting inventions. As they wrote, they focused on choosing strong vocabulary and sensory details to help readers clearly picture their imaginative creations.

This writing project encouraging students to generate ideas, organize their thoughts, and communicate effectively for an audience. Through the writing process, students are developing their ability to use precise word choice, and creative expression to engage readers. Most importantly, they are discovering that fiction writing allows them to combine imagination with strong writing skills to create stories and ideas that are both entertaining and meaningful. What kinds of incredible things could you imagine at a dream school?
