

April 19, 2022

Dear Parents/Guardians,

The board is excited to provide you with an update for the renovation project at École Regent Park. The tender for the major expansion at the school—which includes four new classrooms, a new gym and renovations including a band room, music room, home economics room, and multi-purpose room—has been awarded.

The construction will start this month and the projected completion date is the fall of 2023. We look forward to providing you with updates and you can watch for artist renderings of the new spaces on your school website in the coming days.

École Regent Park will communicate directly with their students, staff, and community regarding specific safety measures on the school site as construction begins.

We are pleased that this project is moving forward.

Sincerely,

Jerry Sodomlak
Chair, Board of Trustees
