Outdoor Gear

With unpredictable weather during the changing of the seasons, please ensure your child is dressed appropriately for the changing conditions. Boots, hats, waterproof gear, and layers help keep students comfortable during outdoor play. As the snow starts to melt, we also kindly ask families to send an extra pair of socks, as wet snow often leads to soggy feet. Thank you for helping keep our students warm, dry, and ready to learn!

Planning for the 2026–2027 School Year

As we move into the final months of this school year, we are beginning the planning process for the 2026–2027 school year. This includes the important work of class placements. Creating classrooms is a careful and thoughtful process that involves collaboration among staff and consideration of many factors, with the goal of building balanced, supportive, and engaging classroom communities where all students can thrive. Please note that class placement and teacher requests will not be accepted. However, if you have any information that you would like to share with us to help with the planning process, please feel free to reach out to Mme. Thorsteinson.

To support this process, students will have an opportunity during class time to share a list of three to five friends with their current teacher. Families do not need to submit friend requests. While we cannot guarantee specific placements, this helps us work toward ensuring that every student is placed with at least one friend in their class. We appreciate your understanding and trust as we work to create the best possible learning environments for our students.

Grade 5 Soccer Intramurals

During the month of March, Grade 5 students had the opportunity to engage in soccer intramurals and finished off with a fun game against the staff!
