THIS WEEK AT BEG

Adults and older students play a very important role in setting a positive example for everyone at our school. When we follow the directions of our school patrols with a smile and a cooperative attitude, we help keep everyone safe while showing respect and responsibility. Please help us to set a good example and make our school a caring, safe, and welcoming place for all by following the directions for our hard-working school patrols when crossing in their intersections and encourage others to do the same.
