

JICJ
STUDENT USE OF STUDENT SUPPLIED
PERSONAL ELECTRONIC
DEVICES

The River East Transcona School Division recognizes that many students bring, and use personal electronic devices as a regular part of school and home life. Furthermore, the division recognizes the value such devices play for students, families, and schools in terms of teaching, learning and building global competencies such as communication, collaboration, creativity, innovation, citizenship and critical thinking.

RETSD also recognizes the role that schools have in teaching and supporting responsible use of electronic devices.
