Skating During PE Classes

Students participated in skating as an integral part of their PE classes. We owe a bouquet of thanks to many staff and parents who volunteered their time to assist students with lacing up, participating, and being safe on the ice.

Students demonstrated a wide range of skating skills from those who had never worn a pair of skates before to those learning to manoeuvre on the ice with a chair to those who could skate circles around everyone.

One thing is for certain...so much fun was had by all!
