New Business

Mr. Daniels gave out copies of the school plan for us to take a brief look at. It is not finalized yet but it was all the items that were discussed at the April 19th meeting. He asked for any input from us for what has been done and what can be done.

Michelle reported that she had attended a School Board Communication Meeting. They brought together all levels of schools to discuss improvements to schools. This information is to be gathered and brought forward to the School Board.

Mr. Daniels had also informed us that MMC would be entering a partnership with the YMCA and Melrose Community Centre to plan for the green space in between all of these partners. He will be focus on Grant proposals and asked Michelle if she would be interested in sitting in on any of those meetings. She agreed to become involved.
