PARENTAL INFORMED CONSENT FOR OUT OF SCHOOL ACTIVITIES IN THE LOCAL COMMUNITY

September 2024

Dear Parent/Guardian,

The purpose of this letter is to inform you about some of the out-of-school activities or events in the local school community in which your child will participate during the course of this year. Your signature on the bottom of this form confirms that you are aware of the information provided in this letter.

The River East Transcona School Division and the staff of Angus McKay School recognize that valuable and unique learning can take place outside of the school building. We are therefore encouraged to make use of the total resources of the local community to meet curriculum goals.

During the course of the school year, student groups will engage in activities within the local community that take them out of the school building. These activities may include but are not limited to activities and events such as the Terry Fox Walk, Running Club, Take Pride Manitoba, taking a class to a nearby park or jogging for Phys Ed class.

The risk of injury exists in all student activity. However, due to the very nature of some activities, the risk of injury may increase. The safety and well-being of students is a prime concern and every effort is made to minimize the foreseeable risks inherent in any activity.

While participating in school activities, which take them into the community, it is expected that students will conduct themselves appropriately during all aspects of schooling.

If, for some reason, your child cannot or ought not participate in activities of this nature, please let us know.

I / We understand and agree that this is a part of the school program. I / We also understand that as a result of participating in this program that the participant is expected to follow the school procedures and code of conduct and that any deviations from these may result in consequences from the school administration.

I / We declare having read and understood the above INFORMED CONSENT AGREEMENT in its entirety and hereby consent to participate being aware of all the foregoing.

Parental Informed Consent:

Before your child may participate in any local community activities, this signed consent form must be received at the school.

K-4 PHYSICAL EDUCATION / HEALTH EDUCATION

Parental Option for Potentially Sensitive Content

The K-4 Physical Education/Health Curriculum contains potentially sensitive outcomes in the following areas:

- Personal Safety
- Substance Use and Abuse Prevention
- Human Sexuality.

The curriculum is developmentally and age appropriate. For example, at K-4, Personal Safety helps children identify safety rules for child protection and how to avoid dangerous situations. Substance Use and Abuse Prevention focuses on identifying helpful and harmful substances and how to safely and properly take prescription medications. Human Sexuality identifies basic changes in growth and development such as changes to teeth, height, and clothes size.

The Manitoba Education, Citizenship and Youth department of the provincial government has mandated all potentially sensitive outcomes. Parents have the option to choose school based delivery or an alternative delivery for this potentially sensitive content. Alternative delivery of the potentially sensitive content becomes the responsibility of the parent (i.e., home, professional counseling) where the content is in conflict with family, religious or cultural values.

Please complete the form attached indicating either school based delivery or alternate delivery of the potentially sensitive content for your child. **Please note that the permission form is a multi-year form, covering Kindergarten to Grade 4.** Choice of school based delivery or alternate delivery can be changed at any time. Please notify the school, in writing, to request a change.

Language Options

Language options for kindergarten include English, French immersion, English-German Bilingual, or English-Ukrainian Bilingual. Please note that your family doesn't need to have made a final decision regarding a language program before registering for school. By registering in the spring, you have the opportunity to ask questions and gain information to help you with this decision. Let your local school know you are considering a language option and the staff will be happy to assist you.

Does Your Child Have Additional Support Needs?

Concerned that your child may require additional support to participate in educational programming in kindergarten? Contact Brenda Hill-Yaschshyn, assistant manager of student services, at 204.669.5643.

Is Your Child Anxious?

As excited as your child may be about starting school, they may also be feeling a little bit anxious or worried. This is quite normal; after all, this is a pretty big life change for both of you! Here are some things you can do to help increase your child's comfort level and decrease anxiety.

Acknowledge your child's feeling of fear or uncertainty. Help your child to name these feelings and then problem-solve together. "It sounds like you're worried about starting school. Sometimes I get worried, too, when I'm trying something new. Here's an idea that works for me."

Practise or rehearse the first day. Go through your daily routine as if it was the actual day—waking up, getting dressed, eating breakfast, brushing teeth, and leaving the house on time. If your child is walking to school, take

the route with them. When you arrive at the school, spend some time on the playground so it starts to feel familiar; then, pretend it's "home time" and you've arrived to pick them up. If your child will be taking the bus, do the same thing, except your route will take you to the bus stop.

Keep your daily routine as regular as possible. Predictable, orderly daily routines help children feel safe and confident, and allow them to step easily from the circle of the home to the classroom. Bedtime is a great time to have a real conversation with your child. Use this opportunity to listen with your heart, as well as your head, and send them to sleep feeling safe and cherished.

Be positive and optimistic. Make sure the attitude you are presenting to your child about this transition is positive and optimistic. Going to school is a normal part of everyone's life. If your child sees that you are feeling confident and at ease about this new venture, they will eventually feel that way, too.

RHYME TIME

Help your child get excited for kindergarten by singing these special songs at home together.

Kindergarten, Here We Come

Tune: Twinkle Twinkle Little Star

Kindergarten, here we come
We know we'll have so much fun
Lots of things to make and do
Reading, writing, counting, too
Kindergarten, here we come
We know we'll have so much fun

Kindergarten in the Fall

Tune: She'll Be Coming 'Round the Mountain

We'll be going to kindergarten
In the fall—Hooray!
We'll be going to kindergarten
In the fall— Hooray!
Oh, we are going to school
And it's going to be cool
Yes, we're going to kindergarten
In the fall— Hooray!

STORY TIME

Cuddle up together with a good book about kindergarten. Visit your local library to pick up some nice kindergarten stories, including: *The Kissing Hand* by Audrey Penn, *The Night Before Kindergarten* by Natasha Wing, and *The Berenstain Bears Go Back to School* by Stan Berenstain.
