Student Reporting and Assessment Information

All students in RETSD are issued a digital report card. To access the report card, login information is provided to the legal guardian. A paper copy of the report card will not be issued, as a result the foster parent will only be able to access the report card if the guardian shares the access information with the family. Due to PHIA and FIPPA regulations the school cannot share this information. The access information remains the same throughout the child's enrollment in RETSD.

Each year we have student learning conferences which are an opportunity for teachers and families to share information about the student as well students share their work with their families. We would encourage you to provide permission for the foster parent to attend the conferences. Should the legal guardian wish to attend as well we will forward the dates of our conferences.
