

## WESTVIEW RELOCATION TO RADISSON

On the evening of Tuesday, March 1, 2022, a significant fire occurred at Westview School on Hoka Street. No one was injured and the fire was determined to have been accidental in nature.

The fire, along with water and smoke damage, destroyed virtually all contents in the school, including furniture, learning supplies, and personal items.

Repairs at Westview School began soon after the fire and planning immediately took place to ensure students and staff could learn and work in a safe environment. Westview temporarily moved to Radisson School on Winona Street to await the completion of restoration, so it was once again safe for students and staff.

Although they had two schools in one building, their school communities remained intact—each school continued to function as a separate entity within one building affectionately nicknamed Radview School.

Westview has approximately 190 students in kindergarten to Grade 5 and more than 30 staff. There are approximately 195 students in kindergarten to Grade 5 and 32 staff at Radisson.
